Solar Lounge and Dining Tables

SAVE YOUR ENERGY

Offering Advanced Solar Engineering Solutions to our Modern Society

The most commonly known fact about solar energy is that it represents a clean, green source of energy. Solar power is a great way to reduce your carbon footprint. There's nothing about solar power that pollutes the nature.

Solarena Middle East Offers Engineering Solutions to save your daily Energy Consumption along with a big variety of Solar On-Grid and Off-Grid Thermal, Lighting, PV and Charging Solutions designed to provide off-grid Hot Water and Power in remote outdoor areas and to keep people in comfort and always connected with their loved ones to meet the everyday power needs of modern consumers.

Indoors or outdoors, private or public area, our products are designed to suit different applications to help your Project save energy, reduce cost, generate more revenue and offer a non-dispensable service to your guests, customers or employees...

SOLAR TABLES

Overview

Our Solar Tables combine stylish Design with Ecological functionality.

Wood and rattan as natural and sustainable materials provide that extra touch to the elegant solar tables in combination with design-oriented Solar photovoltaic glass. A convincing advantage for the outdoor area of your exquisite location.

No matter if it is a Golf Resort, Beach Hotel or Yacht Club. The Solar tables with USB charging outlets are available in a wider range of sizes and shapes such as dining tables, lounge tables and bar tables.

Features:

- Power Box table that stores the energy, charges the batteries and protects them from over charging.
- Up to 4 USB charging outputs powering over 10 Watt each.
- Unique and Elegant Designs.
- Quality Solar Tables made of Rattan or Wood.
- Lightweight, Stainless Aluminum frames.
- Suitable for all indoors and outdoors activities.
- Weatherproof and easy to move and robust enough to last many years in daily use.
- Bluetooth SmartConnect App.
- Additional Optional LED Light Package for night time.
- German Designs and German Quality.
